"THE GOLDEN LEGEND"

Aladdin, Jasmine, the Genie, Abu, Carpet, and Iago are all back in Agrabah. But now, Iago is a friend! There are many new adventures in store and many new enemies trying to defeat you, including Abis Mal and his evil gang!

Your challenges are even greater now. Although the Genie has returned to be with you he's not a full fledged Genie anymore (he's only "semi-phenomenal, nearly cosmic"). His return is known only to Aladdin, Abu, Magic Carpet, Jasmine, Iago, and Jasmine's father (the Sultan).

Aladdin and his friends have been the thorn in the side of evil. Aladdin, the Genie, Jasmine, Abu, even Iago, have teamed up to defeat evil whenever it threatens Agrabah. But now a mysterious messenger arrives in Agrabah, foretelling of "magical birthstones" hidden in the countryside. The messenger tells the kingdom that whoever possesses the "birthstones" is heir to the fortune of the "Tower of Gold", a mysterious tower filled with gold that vanished into thin air several centuries ago.

This is too much for Aladdin, Abu, and Iago to resist. They all want to "strike it rich", and so they follow the mysterious messenger into the countryside, despite the protests of the Genie, Jasmine, and Magic Carpet.

It is all a plot! The messenger was the evil Abis Mal in disguise! He's leading our friends into an ambush! The "birthstones" are merely an old legend that Abis Mal has heard about. He's arranged for the most evil enemies the world has ever seen to ambush our friends in the countryside!

But there's lots of fun in store — as Aladdin (with your help) actually begins to find birthstones! Also with the help of Magic Carpet and the Genie, the bad guys will have their hands full!

"BIRTHSTONES SHOW THE WAY!"

The object of the game is for you to control Aladdin to pick up the "birthstones" and to pick up your friends when they appear, as well as to call on the Genie and Carpet to help you defeat the bad guys!

Once Abis Mal and the other enemies realize that you are really finding birthstones they will also try and grab the birthstones for themselves!

You score bonus points for defeating the stage boss in each stage!

At the end of each stage, Jasmine automatically opens up a sack, and Aladdin automatically puts all the birthstones he's found in the stage into the sack! You score bonus points for each birthstone. At the end of the game, if you have picked 25 birthstones the "Tower of Gold" will appear and you WIN the game!

IF YOU HAVE PICKED 25 BIRTHSTONES, THE TOWER OF GOLD WILL APPEAR AT THE END OF STAGE 4. WHEN THE TOWER APPEARS, YOU WIN THE GAME!
